Dear Ms. Austin,

Thank you for taking my call today. To reiterate, I don't want an HHS attorney in San Francisco to address this matter.

I want the General Counsel of HHS, Mr. Bagenstos, to help Secretary Becerra honor a video recorded pledge that he made to me for a criminal investigation of case-fixed SLAPP -- with HHS policy deformers as benefitting SLAPP plaintiffs.

You started to read the San Francisco HHS Attorney's response of "This person does not appear to be....." I am assuming the remainder of that sentence is "stable".

Please forward this email to the San Francisco attorney because they are doing the same thing that all gov't attorneys have, i.e. dismissed me with biased misinformation, without even asking one question.

Not to toot my own horn, but I am extremely competent and good at solving complex puzzles.

In addition to all the info I have been sending to Mr. Bagenstos, there are two reports about me which confirm I am good at problem solving.

One is a psychiatrist report from 2012. The other is a neuropsychologist report from 2003. Both exams were a result of being needed in litigations, where they were trying to deem me crazy for continuing to tell the truth.

The 2003 exam was ordered by a defense attorney in my mold litigation of long ago. They never mentioned it again after I passed with more than flying colors.

DATE OF REPORT : 1/15/2012

NAME : Sharon Kramer Age 56 Date of Birth 10/28/ 1955

REASON FOR REFERRAL : Mental Status examination.

**MENTAL STATUS EXAMINATION:**

Health is good. No known allergies. Has smoked for past 35 years. She uses no illegal substances. The patient arrived on time for her appointment. She was groomed, friendly and cooperative. She was alert and oriented. Her gait was normal and coordinated. She was attentive and responsive. Her vocabulary was good as were her social interactive skills.

Previous testing had revealed her to have extremely well developed problem solving skills and it appears that this ability continues. Her thinking was organized. Her judgment was intact. There was no atypical behavior, no impulsive acting out. Her memory appeared to be intact for both recent and past memories. Her speech is articulate, coherent and direct, good rhythm, no apraxia. Patient denies hallucinations visual and auditory and denies delusions. No suicidal or homicidal ideations. No abnormal thought process or content. No neuro-vegetative signs of depression. No mood swings. By report the patient is anxious and under enormous stress. She appears to be above average in intelligence and competence.

**PAST PSYCHIATRIC HISTORY:**

In the past she has been evaluated with extensive neuropsychological testing. The ultimate results revealed her to be smart, intelligent and competent.

**REVIEW OF RECORDS:**

Records of Dr Thomas Wegman from September 25, 2003.

**DIAGNOSIS:**

- Axis 1 Generalized Anxiety Disorder
- Axis 2 Deferred.
- Axis 3 None
- Axis 4 Hostile environment by being aligned and subject to libel -- 6
- Axis 5 GAF 60.

Please show this to the SF HHS attorney. Character assassinating me without even asking one question is what is causing the multi-billion-dollar public fleecing to continue at HHS. I can see that it is getting worse, not better, under Secretary Becerra's watch.

Back tomorrow with my email to you, Mr. Bagenstos, and Ms. Field of GAO.

Again, thank you for your help.

Sincerely,  
Sharon Kramer
